

# Cherry Surprise

*Serves 6-8*

4 cans Comstock cherry fruit filling (for pies, etc.)  
1 box yellow cake mix  
1 stick butter

---

Fill a glass baking dish with the cans of cherries. Sprinkle 1/2 of the box of cake mix directly on top. Then place pats of butter all over the top until the entire stick of butter is gone. Make sure the butter is evenly and consistently placed on top. Bake at 350 until butter has melted and "cooked" the cake mix on top. It creates a crust-like topping. A great tasting no-brainer!
